13.2 Administrative Inquiry - Community Services

Submitted by: Councillor Penner

There are 123 Community Associations and 59 Social Recreation Organizations with leases or licenses of occupation operating facilities across Calgary on City-owned land. Many of these facilities are aging, financial and operational risks are increasing, and there are impacts to the programs and services these organizations can deliver in these facilities. These organizations are asking for more support from The City to maintain the facilities and manage large renovations or lifecycle.

Could Administration provide an update on:

- The work plan to develop a new and sustainable approach to help these organizations manage and invest in their facilities and deliver programs and services;
- Next steps for community engagement; and
- Future budget considerations?
