Calgary Metropolitan Region Board – September 2024 Land Use and Servicing Committee Meeting Update

PURPOSE OF BRIEFING

The purpose of this briefing is to update the Intergovernmental Affairs Committee on the work of The Calgary Metropolitan Region Board (CMRB) from their Land Use and Servicing Committee (the Committee) held on 2024 September 05.

SUPPORTING INFORMATION

Councillor Richard Pootmans represented The City of Calgary at the meeting.

The Committee recommended to the Board approval of proposed amendments to the CMRB Regional Evaluation Framework (REF) Interpretation Guide. The amendments address gaps in the REF process that became evident over the past several years, including:

- Outlining a process for new or expanded growth areas whether they are associated with a statutory plan or not, and for exceptions to the Growth Plan;
- Introducing provisions for the opportunity for an applicant municipality to have a developer proponent or other interested party speak to the merits of an application on its behalf; and
- Articulating the purpose and focus of optional preapplication meetings.

The Board meeting took place on 2024 September 18 where the above noted recommendations were considered.

PURPOSE OF BRIEFING

The purpose of this briefing is to update the Intergovernmental Affairs Committee on the work of the Calgary Metropolitan Region Board (CMRB) from their Governance Committee (the Committee) meeting held on 2024 September 13.

SUPPORTING INFORMATION

Councillor Richard Pootmans represented The City of Calgary at the meeting.

The Committee recommended to the Board to receive for information the 2024 Q2 Actuals. The actuals summary suggests that the CMRB's costs are tracking closely with budgeted amounts for the year.

The Committee recommended approval to the Board of the proposed 2025 CMRB budget. The proposed budget considered requisitions from member municipalities. Final requisition amounts will be provided prior to the Board consideration.

The Committee recommended to the Board the approval to adjust CMRB's fiscal year-end from December 31 to March 31. The amendment would bring CRMB's year end in line with provincial, federal and Edmonton Metropolitan Region Board year ends. Prior to this adjustment, an audit will be required in 2025 Q1 which will reset the CMRB's financial reporting cycle.

The Committee recommended to the Board that the Policing Subcommittee be dissolved due to its inactive status. The scope and involvement of the CMRB on regional policing will be revisited during the 2024 October 25 CMRB Board Strategic Session.

The Board meeting took place on 2024 September 18 where the above noted recommendations were considered.

Federation of Canadian Municipalities Annual Conference and Trade Show June 2024 - Update

PURPOSE OF BRIEFING

To update the Intergovernmental Affairs Committee on The City of Calgary's role as host of the Federation of Canadian Municipalities' Annual Conference and Trade Show.

SUPPORTING INFORMATION

The City of Calgary hosted the Federation of Canadian Municipalities (FCM) Annual Conference and Trade Show from 2024 June 6 to 9. The conference is the largest gathering of municipal elected officials in Canada.

This year's conference was the largest that FCM has ever held with 3,346 registrants:

- 1,903 delegates (1,501 of these were elected officials)
- 280 companions
- 637 exhibitors
- 84 speakers
- 125 sponsors
- 271 staff, suppliers, volunteers (includes City conference support staff and FCM staff)
- 46 miscellaneous (for example, media)

This number does not include study tour providers, comprising additional City staff, Civic Partners and other community entities who devoted their time and efforts to planning and hosting tours showcasing their programs and facilities.

The conference's start on June 6 coincided with the early morning watermain breakage Alberta Emergency Alert. The emergency's impact on the conference itself was minimal with only five study tours cancelled - four tours of the Emergency Operations Centre and one of the Glenmore Water Treatment Centre. The City and FCM worked to ensure conference delegates were aware of the issue and the need to conserve water use where possible.

The conference required support from across the Corporation and into the larger community. Staff across five departments hosted 26 unique study tours with an additional 13 tours provided by Civic Partners, community entities and FCM partners. In all 49 tours were run. Nearly 90 City staff provided on-site support throughout to ensure smooth conference operations. Calgary Transit was a key partner by providing all transportation for study tours and free transit access for delegates during the conference. Support from Tourism Calgary included promotions at the 2023 Toronto FCM conference, hosting FCM site visits, providing on-site tourism information and volunteers to assist with wayfinding.

Behind the scenes, numerous staff from areas as varied as Events, Supply, Finance, Human Resources, Emergency Management, Occupational Health and Safety, Accounts Payable provided advice, support and assistance with the many administrative functions needed to plan, execute and close off the conference.

BRIEFING

Page 2 of 2

Item # 11.7

Post conference, Tourism Calgary calculated an economic impact of \$8.27 million to Calgary, surpassing the 2023 estimate of \$7.7 million. Additionally, the estimated number of hotel nights came in at 102 per cent of pre-conference projections.

Despite substantial inflation since the conference was awarded to The City in 2020 January, the end cost to The City was significantly below budget, through a combination of careful initial budgeting, and higher-than-expected registration revenues and sponsorship opportunities provided to The City by FCM. The total City expenditure was approximately \$1.05 million, which was offset by \$700,000 in revenue, for a final net cost to The City of just under \$350,000.

Overall, the conference was a tremendous success for both FCM and The City. With the conference's growth, a limited number of venues for this conference of this size, and The City's success as host, The City will be a logical host in the future.
