Good afternoon Dino,

As per the information provided, the exemption being requested would accommodate a change of use within a building that would contain a private school and a place of worship.

While the City is not proposing to amend the NEF contours, the County, as a stakeholder of the Calgary International Airport Vicinity Protection Area Regulation, would request that the City remain committed to limiting exemptions as the NEF contours should be considered permanent. Periodic Administrative reviews of the regulatory language is considered appropriate; however, exemptions to provide for specific uses may erode the value of the regulation over time and should, therefore, be limited.

If you have any questions or concerns, please do not hesitate to contact me.

Regards,

Jessica Anderson

Mr. Kasparis,

We have evaluated the captioned proposal and NAV CANADA has no objection to the project as submitted.

NAV CANADA does not require notification of construction; however, if you should decide not to proceed with this project, please advise us accordingly so that we may formally close the file. If you have any questions, contact the Land Use Department by telephone at 1-866-577-0247 or e-mail at landuse@navcanada.ca.

NAV CANADA's land use evaluation is valid for a period of 12 months. Our assessment is limited to the impact of the proposed physical structure on the air navigation system and installations; it neither constitutes nor replaces any approvals or permits required by Transport Canada, Industry Canada, other Federal Government departments, Provincial or Municipal land use authorities or any other agency from which approval is required. Industry Canada addresses any spectrum management issues that may arise from your proposal and consults with NAV CANADA Engineering as deemed necessary.

Yours truly,
