Notes:

- Bicycle volumes are 16 hour counts.
- Current volumes are based on ~~2010-2013 (May to October)~~ September-November 2014 data
- Target volumes are for summer/fall 2016
- Winter bicycle volumes approximately 25% of summer bicycle volumes
- ~~TBD: To Be Determined. Current daily volume to be determined in Sept-2014 because of incomplete data. Target daily volume to be determined Fall 2014 (minimum 2X increase)~~
