**RE: July 29, 2019 Public Hearing: LOC2019-0036 (Bylaw 158D2019)**

**Support of the Cascade application (LOC2019-0036).**

Richmond Childcare is a Not For Profit organization that has been in operation for 35 years at Richmond School. Our childcare program cares for children from Kindergarten to Grade 6 and currently serves approximately 50% of the population of Richmond school, with continuous growth and demand.

The parents and Board of Richmond Childcare have been looking for opportunities to expand our program within the community to collaborate in helping families care for their children, at a reasonable cost for quality care. With the demands of high cost inner city living and many young families needing to work, Richmond Childcare Association would like to help the community to be able to provide affordable quality childcare for school children, both within the school year and expanding to provide summer care.

The Cascade project is walking distance within 5 minutes or less from Richmond School and we support this project. Our tenancy within this project would be beneficial to the community as we could expand our program, as well as not increase existing traffic within the community because our families are already attending Richmond School. Our support of the project is separate from our status as a potential commercial tenant as we have not confirmed tenant terms or licensing approval.

Should you require any further information please feel free to contact us.

Sincerely,

Janice Jalving, (403) 804-4777  
Executive Director, Richmond Childcare Association

Re: Item 14

Policy Amendment and Land Use Amendment in Richmond (Ward 8) at 2813 - 24A Street SW, LOC2019-0036, CPC2019-0682 Bylaws 57P2019 & 158D2019

Hi,

We live a few blocks away from the project and think that more thought needs to go into the overall plan for the entire area around this proposed project. With the Viscount Bennett Centre closed and the commercial land on the other side of 24A ST SW recently sold there is a great opportunity to thoughtfully plan the whole area between Crowchild and 25 St SW south of 26<sup>th</sup> Ave and north of 30<sup>th</sup> Ave instead of looking at each parcel on a case by case basis.

Thanks,

Jeremy
