I understand this land use change application will be going before Council on Sep 9, 2019. Although our community association provided comments last March, the attached letter contains additional comments that we wish to provide to Council for their consideration. I also understand that Tuesday Sept 3 is the deadline for comments to be submitted.

Please do not hesitate to contact me if there are any issues in accessing the letter, or if you have any questions.

Thank you

D. Jeanne Kimber
