RE: Public Hearing October 21, 2019  
Agenda item 8.1.6; Policy and Land Use Amendment in Mount Pleasant  
LOC2019-0022/CPC2019-1069 at 534, 549 & 542 23 Avenue NW

We like to express our support for the land use amendment. We are 1 block away from the site and excited to see a new condo to be built there.

We have been looking for a similar property for our parents since last year. There is no property we like in our area, either too far from us or too old. Our parents would like to live in a condo instead of a house (no snow shoveling or grass cutting) and close to us as well. That new condo would be perfect for us.

Kind regards,

Yunhua (Julia) Jiang
