Re: Dalhousie Land Use CPH, September 11, 2017 - Item 5.27

Dear Councilor Farrell:

As you are aware, we have worked very closely with the nearby Residents and the Dalhousie Community on this application. We are writing to advise your office that as part of that consultative process, we have agreed that we will only be seeking one reading of this Bylaw from Council on the 11<sup>th</sup>, and requesting that second and third readings be tabled, to be brought back before Council once our Development Permit for this site has been submitted and fully evaluated by the City.

Thank you.

Yours truly,  
Intercare Corporate Group Inc.

  
David N. Ail  
President
