It might be a good idea to resubmit your submission just to be on the safe side. If the Legislative Assistants find that they have more then, of the same submission, they will take only one. At least then you can be sure that it will be on the Agenda.

Send your submission to cityclerk@calgary.ca by Thursday August 31 at 10:00 A.M.

THE CITY OF CALGARY
CITY CLERK'S

Mr. Davis:

I have received your notification regarding the abovenoted Land Use Amendment application.

As the owner of 12 units at 6103 Madigan including the unit immediately abutting the property for which the application has been filed, I wish to advise of my objection. My objection is based on the additional number of children using the facility which was designed to house the existing number of children and not some unspecified additional number and further based on the addition to the existing car traffic, stopping and parking on 4th Avenue which can be attributed to parents dropping off and picking up the children by car at the facility. This traffic situation is already dangerous at pick up and drop off times and such danger would only be exacerbated by allowing additional children.

I would also take the position that increasing the number of children at the facility increases the value of the adjoining property at the expense of reducing the value of my properties and the abutting unit in particular.

I look forward to hearing from you in this matter prior to any decision being made.

Yours very truly,

ROBERT C. STOCKEY LL.B.
