CC 662 (R2009-05)

**REDRESSING 28 AVENUE SE SLOPE CONCERNS**

**COUNCILLOR GIAN-CARLO CARRA**

WHEREAS a grade differential has existed for many years between 28<sup>th</sup> Avenue SE and the adjacent privately owned land located on 26<sup>th</sup> Street and 28<sup>th</sup> Ave SE;

AND WHEREAS the landowner alleges that the grade differential is steep, making it difficult for certain commercial vehicles to access the privately owned property;

AND WHEREAS for many years the landowner has pursued City Administration, Ward 9 Aldermanic and Councillor offices and the Mayor's Office to direct The City (at its sole cost) to modify the grade differential through the rebuilding of 28 Ave SE to enable certain commercial vehicles to access the privately owned land in a manner to his liking;

AND WHEREAS to date, the landowner has been unsuccessful in securing this remedy, and has asked Councillor Carra to place this request before City Council for decision.

NOW THEREFORE BE IT RESOLVED that Council directs Administration to undertake a rebuilding of 28 AVE SE in order to raise it to a height necessary to meet the slope requirements for the driveways located at 2714 28 Avenue SE.
