

Fireworks Central Ltd.  
14 Willowgrove Boulevard  
Sharon, ON  
L0G 1V0

To Council and Mayor,

Our company would be very interested in setting up a Consumer Fireworks Retail store when Calgary creates a bylaw that people would be able to buy fireworks from reputable retailers all year.

Fireworks Central Ltd. works with customers to ensure that they get the best “bang for their buck” (to put it in terms unique to our industry.) We educate customers on the safe use of our products and provide them with what they need to perform a successful display.

Fireworks Central follows and abides by all federal regulations in the products that we sell and how we conduct sales.

We are excited about the opportunity that Calgary would bring to our customers if this bylaw is created and to the economic impact our store would have on the community.

Thank you,

*The Fireworks Central Team*
