

Hi Peter,

Unfortunately, the Hillhurst Sunnyside Planning Committee will be **cancelling** the July 11 meeting due to a variety of reasons (Stampede week, summer vacation, etc).

Given that you have already explained that the new DP will take up the same footprint as the prior DP and we haven't heard strong opposition from neighbours, we don't anticipate that there will be objections and will wait for the DP through the City.

Thanks so much for offering to meet with us!
