Dear Lori,

I am pleased to provide this letter of support for WinSport's land use application and for the amendments to the Area Structure Plan that will facilitate this land use change. As land owners' and residents directly adjacent to the Park, my sister Jeanie and I appreciated the opportunity on numerous occasions to provide input and feedback on the proposed uses. You kept us informed along the way. COP is an important landmark in the City of Calgary and the year-round recreation and sport programs and services provided by WinSport benefit all Calgarians. We have no objections and fully support both the amendment to the ASP and this application.

Sincerely,

Bill Hawes
Jeanie Hawes
Land Owner within the ASP
