Re: SPC for PFC – June 4, 2017 | PFC 2017-0480:
Strategic Growth and Outline Plan Applications in Developing Areas

BILD Calgary Region (BILD CR) wish to thank Administration for considering the issues that we raised on behalf of industry through our joint Work Plan Initiative, "New Community Growth Strategy" (Merged #2 (Phasing Growth/Land Supply) and #4 Initiatives (Funding Growth Strategy)).

BILD CR supports amending the MDP to allow outline plans to be accepted for processing. This change supports the Growth Management direction in the MDP, while helping our industry through economic recovery, to remain competitive and to retain jobs. It will also assist Administration by providing additional key details required for decision recommendations.

Communication and resolving details on the new approval process in a timely manner is critical. Dedicated commitment and support will be required on both sides to deliver a supportable, working process by the end of this year, and we look forward to working with you to achieve this.

Yours Truly

Guy Huntingford
