The inner city communities that are a part of the North Hill Communities Local Growth Plan hold a lot of history for the city of Calgary, a history that is told and carried on through our architecture. This local growth plan needs to include a means to protect the heritage of our Calgary communities. If we continue to destroy our heritage homes and replace them with large scale structures with no character, we will continue to erase the beauty and history that built our city.

Please consider including the Heritage Conservation Tools into the North Hills Communities Local Growth Plan in order to preserve that history that we are all so proud of in Calgary.
