

DEFERRAL REPORT: WEST MACLEOD TRAIL QUADRANT BOUNDARY ALIGNMENT

EXECUTIVE SUMMARY

As directed by Council on 2017 June 12, Administration is working on a report to provide options for Council review in response to the Motion Arising, moved by Councillor Demong, that with respect to Report CPC2017-188, that Council direct Administration to examine the west Macleod Trail quadrant boundary alignment. A deferral is being requested of Council to accommodate additional time required to complete a thorough analysis of the impact and implications of changes to said boundary.

ADMINISTRATION RECOMMENDATION(S)

That Council defers the West Macleod Trail Quadrant Boundary Alignment report, and direct Administration to return to Council no later than 2017 December 18.

PREVIOUS COUNCIL DIRECTION / POLICY

A Motion Arising (Attachment) was moved at the 2017 June 12 Regular Meeting of Council by Councillor Demong after reviewing Report CPC2017-188 (a land use amendment supported by an outline plan). The Motions Arising directed Administration to examine the west Macleod Trail quadrant boundary alignment, and report on the impact of moving the current quadrant boundary eastward from its current alignment on Sheriff King Street to Macleod Trail.

BACKGROUND

Research and analysis of the impacts of the proposed west Macleod Trail quadrant boundary alignment is still underway.

INVESTIGATION: ALTERNATIVES AND ANALYSIS

Administration is requesting a deferral of the report, from the Motion Arising, until no later than 2017 December 18. This will enable Administration to engage with internal stakeholders to provide a thorough review of the resources and subsequent costs to realign the quadrant boundary.

Stakeholder Engagement, Research and Communication

Corporate Analytics and Innovation has consulted with all City Business Units and is awaiting further input to inform the report.

Strategic Alignment

Addresses in Calgary must adhere to the Addressing Bylaw (67M86).

Social, Environmental, Economic (External)

Research and analysis is underway

Financial Capacity
