Subject: CPC2017-163 Bylaw 167D2017 (LOC2017-0040, Rosalla Alday)

To Whom It May Concern,

I previously expressed a concern regarding the initial application by Rosalla Alday for the proposed amendments to the land use bylaw with respect to property 43 Millbank Drive from R-C1 to R-C1s. My concern was around the limited street parking to the adjacent properties thus forcing drivers to park in the alleyway. The applicant initially stated that they have 5 available parking spaces and at the time there were 4 vehicles associated with this property. To the best of my knowledge there are now 5 vehicles associated with 43 Millbank Drive on a daily basis with one of them parking in front of my house (47 Millbank Drive). There is also another vehicle that parks in the alleyway behind my property which I believe is only a regular visitor.

I would like it to be on record that I will not tolerate vehicles hindering access to and from my garage even if it is only for a few minutes. There is plenty of available street parking on Millbank Road which is also adjacent to my property.

Regards,
Christopher Lewis (Home Owner)
47 Millbank Drive
