

Sustainable
Calgary

Review and Update of the Municipal Development Plan and Calgary Transportation Plan

OCTOBER 7, 2020

Disappointed.

The *MDP/CTP* are

- ▶ **The most cost-effective method of reducing greenhouse gas emissions**
- ▶ **Fundamental to the creation of both a sustainable and just city**

Hold Off on More Revising, Let's Get Things Done

- ▶ **As the Next 20 team has told us, implementation is more important.**

- ▶ **Further revisions to the *MDP/CTP* should be put on hold for the next Council.**

- ▶ **For 2021-2022, use resources to fully meet walking and cycling infrastructure needs**

- ▶ **Transfer the money and other resources to the Climate Change and Environment section**

► Transformation + Hustle = Thrive
