

To Whom It May Concern:

This letter is about the sign at 222-
Dowcliffe Way SE.

I understand she wants to change the zoning
from single family to multi family. I'm afraid that
if she gets it at her house then it is going to
happen at other places on this street. Then there
is going to be parking problems. We have a
quiet neighborhood.

There should be lots of room for two⁽²⁾ people to live
in that house as it is the same house as
224 and 226, and there is five⁽⁵⁾ people living
at 224 and were three⁽³⁾ people living in 226
until my husband passed on and my son got
married. We do not need any more trouble from
there we have had enough. See my first
letter I wrote.

Shirley Daysdale
226 Dowcliffe Way SE.

Subject: 86D2017, 222 Dovercliffe Way SE

There are 3 properties together, beside each other that have this same house. The upstairs has the living/dinning room and kitchen and basement has the bathroom and 3 bedrooms. There is really no place to add a complete suite to this house. I do not think it is a good idea to add a suite to the garage as it would be like adding another house to the same property. The garage in question was once converted to a rumpus room, but again it would be to much to add all the things needed to make it a complete residence. Where would the people park their car? Parking is already limited on the street.

Next door to this property has 5 people living in this same house and they are not one regular family. With the economy right now and lose of jobs, they have had to take in relatives to make it a go. Can not the single lady next door take in her relative to live in the dwelling as it is.
