A photograph of a city street scene. In the foreground, a dedicated bike lane with a green surface and white markings is visible. Several cyclists are riding along it. To the right of the bike lane is a sidewalk with a brick pattern where several pedestrians are walking. In the background, there are tall apartment buildings and lush green trees. A stop sign and a street sign are visible on the right side of the street. The image is partially covered by a dark blue diagonal overlay on the left side, which contains the text.

Priority 1: Equity

Least harm to the most vulnerable

Maintain core services

Improve transit and active transportation

Ensure geographic equity

Priority 2: Climate Accountability

Apply the Climate Lens

Focus on existing communities

Full-scale implementation of climate action plans

Reduce emissions and meet targets

Recommendations:

FUTURE-PROOF RESERVES

OPERATIONAL REDUCTION REINVESTMENT &
CAPITAL REALLOCATION

NET-ZERO UPGRADES

CITY GROWTH DUE DILIGENCE

EQUITY IN REVENUE GENERATION

COST OF LIVING INCREASE
