Commissioner Scott	<p>Comments</p> <ul style="list-style-type: none">• This is a very creative solution to activate a key but challenging parcel in a high-profile location that supports City-led initiatives and policy direction.• The applicant is to be commended for a creative approach on this site, and engaging the Community Association and area neighbours as part of their process. This is evidenced in the equally thoughtful correspondence provided by the BRCA.• Is there is an ability to further explore activation of the NW corner interface of the building with the lane condition?
