

Wednesday, February 1, 2017

Calgary Council Representatives,

Due to continuing discussion with the Inglewood community association, the Inglewood redevelopment committee and neighbors of the proposed R-CG rezoning site of 1601 16 St SE, I respectfully request council to remove this from the Feb.14, 2017 public hearing agenda and for it to be re-scheduled for a May 2017 public hearing.

This additional time will accomplish two goals. First, it will ensure the neighbors are fully informed on the benefits of the proposal. This includes engagement with the neighbors involved in the petition as many of their concerns may be solved with further discussion. Secondly, Inglewood is close to rolling out their new ARP which will include sites that will allow for this sort of rezoning. This area & block may be a good candidate for such densification and I hope this gets addressed in the new ARP. I believe this is the best course of action for all parties involved as it will help to ensure we are a united front on the project.

I apologize if this request causes any inconvenience though hope you see the merit.

Please contact me if there are any questions or concerns.

Sincerely,

James Burke
