Date of meeting Feb 8, 2021

Comments - please refrain from providing personal information in this field (maximum 2500 characters) I would like to vote for no additional multiple family living in this area. No proposed land change. When I purchased my Mahogany home, I was advised this area would be trees and pathways. I purchased my home with that area in mind for my family and do not want that to change. This area is busy enough without additional living.

Feedback:

Yet another land use change, increasing density, taking away what was approved.....what a couple years ago? Build a community based on promises and then change them later on at the back end to make more money. I am also assuming no changes to access to 88th st to accommodate for the increase in vehicle traffic on 52nd? no? funny how that never gets proposed. 52nd st is already becoming a gong show, just waiting till people start getting hurt. What about parking? any accommodation there? no? surprise surprise. Check with CPS/Parking bylaw about the parking problems that already exist in that area....im sure more density would help that. Again waiting for people to get hurt, so many close calls already near westman village. Terrible idea, these proposals should not be happening in the new communities, PLANNING was not done that long ago. If you want to propose to turn it into a greenspace with another beachsure. As you can see people in the community are getting fed up with the changes , its a david vs goliath thing. the developers know how to work the system and the public who are barely informed cant organize in time to fight thru the bureaucracy before it passes thru. Call me jaded I guess
