RECOMMENDATION OF THE CALGARY PLANNING COMMISSION, 2021 JANUARY 21:

That Council give three readings to **Proposed Bylaw 21D2021** for the redesignation of 0.06 hectares \pm (0.14 acre \pm) located at 2803 - 43 Street SW (Plan 2736HS, Block 1, Lot 17) from Residential – Contextual One Dwelling (R-C1) District to Residential – Contextual One / Two Dwelling (R-C2) District.

HIGHLIGHTS

- This application seeks to redesignate the subject site to allow for semi-detached and duplex dwellings in addition to the building types already allowed (e.g. single detached dwellings and secondary suites).
- This application represents a modest increase in density in an established neighbourhood, is compatible with the surrounding development, and aligns with applicable policies of the *Municipal Development Plan* (MDP).
- What does this mean to Calgarians? More choice in the types of housing available which promotes more efficient uses of existing infrastructure.
- Why does this matter? By providing more housing choice within existing developed areas, Calgary will have a more diverse population living in close proximity to existing services and amenities.
- There is no previous Council direction in relation to this proposal.
- Strategic Alignment to Council's Citizen Priorities: A city of safe and inspiring neighbourhoods.

DISCUSSION

This land use redesignation in the southwest community of Glenbrook was submitted on 2020 October 30 by Horizon Land Surveys, on behalf of the landowner, Patricia Twelftree.

The subject site is a midblock parcel near the intersection of 43 Street SW and 28 Avenue SW, currently developed with a single detached home with rear lane access. The surrounding parcels are designated primarily as R-C1 and R-C2 and developed with low density residential housing in the form of single and semi-detached homes.

The proposed R-C2 District allows for an additional unit (a total of two units) to be developed on the site in the form of a semi-detached or duplex dwelling, in addition to single detached dwellings.

No development permit application has been submitted at this time, however, as noted in the Applicant's Submission (Attachment 2), the intent is to pursue a development permit application for a semi-detached dwelling in the future.

A detailed planning evaluation of the application, including location maps and site context, is provided in Attachment 1, Background and Planning Evaluation.
