HIGHLIGHTS

- The proposed Council Innovation Fund application sponsored by Councillor Colley-Urquhart would provide support for Heritage Calgary (Calgary Heritage Authority) to design a new process based on leading practices and broad community input for naming, renaming and commemoration (the Council Innovation Fund application is included as Attachment 3, and full proposal from Heritage Calgary is included as Attachment 4). The development of a new process to approach this work aligns with the Council Innovation Fund Terms of Reference in terms meeting the definition of “innovation”, aligning with the Citizen Priorities, and having the potential to change City policy and procedures.
- **What does this mean for Calgarians?** A new process would support The City and other stakeholders, including community organizations, to make intentional, inclusive and enduring decisions around naming, renaming and commemoration of assets and spaces that reflect our shared history, values and norms.
- **Why does it matter?** Developing a new process to guide naming, renaming and commemoration is a resource The City, community organizations and other stakeholders can consider for implementation to support an inclusive, vibrant and diverse community; the mental health of minority, racialized and otherwise impacted equity seeking populations; and the overall wellbeing of all Calgarians.
- Strategic Alignment to Council's Citizen Priorities: A city of safe and inspiring neighbourhoods
- Background and Previous Council Direction is included as Attachment 1.

DISCUSSION

The proposed project to be led by Heritage Calgary (Calgary Heritage Authority) will develop an inclusive, grassroots process for naming, renaming and commemoration that is uniquely Calgarian. The proposal (Attachment 4) provides a detailed overview of the project including project rationale; project scope; project team, including external consultants, budget; and timeline. This Council Innovation Fund application is sponsored by Councillor Colley-Urquhart.

The project proposes to undertake research including a literature review, and a scan to identify existing practices in the broader community, leading practices, and existing City of Calgary policies, plans, projects and initiatives. It focuses on a process of broad public engagement. The project will result in a final research report with recommendations and a process for naming, renaming and commemoration that will be shared with The City and community for consideration.

The project methodology proposes a Project Advisory Team to guide the work. Members of the advisory team would include City Administration, community members, Heritage Calgary staff and board members, and other key stakeholders.

The results of this project will be considered by The City for integration into existing policies and practices, or to help guide the development of new policies and practices. The City would consider any next steps within the context of work underway in related areas, including work to respond to the 2020 July Notice of Motion to rename James Short Park and James Short Parkade (PFC2020-0802). This Notice of Motion directed Administration to develop a process by which citizen requests to re-examine an existing name of a city asset will be handled, ensuring that any such process involve community input with final decision-making by Council through the Priorities and Finance Committee as per the existing policy. To date, Administration has engaged key internal stakeholders and Heritage Calgary, undertaken a survey of Councillors, and is conducting a scan of practices in other municipalities, among other ongoing activities. Administration is to report back on this work no later than Q1 2021.

As the proposed Heritage Calgary project focuses broad community engagement that is outside the scope of Administration's current work related to the Notice of Motion, if Heritage Calgary's project proceeds, it would compliment the existing initiative, and help inform changes in policy or practices related to naming, renaming and commemoration. If the Heritage Calgary project is approved, timing of Administration's report back to PFC on the results of their work might be impacted.
