

The City of Calgary
Office of the Councilors (8001)
P.O. Box 2100, Station M
Calgary, AB, Canada T2P 2M5

Attention: Elected City Councilors

Dear Councilors:

As you are aware Silvera is dedicated to the development and operation of affordable housing options for seniors in the City of Calgary. The Highland Village Green Development is a development that will lend itself to the potential development of many seniors housing options, including a potential for affordable housing.

The North of the city in areas like Highwood, Thorncliffe, etc. have a disproportionate number of seniors and as such, enabling the development of housing options that would enable individuals to age within their communities would assist in meeting the future needs of these residents. In addition the central location and future access to Rapid Transit are all deemed positive influencers to enabling a seniors focused development.

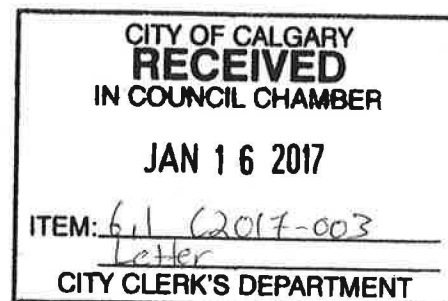

It is our understanding that the Highland Village Green Development has identified individual spaces within the community that would be very favorable to a developer such as our selves.

Silvera encourages the city to carefully consider the approval of this development that will enable a well thought out and community focused community to be completed on this infill site.

Sincerely,

Lorne Robertson
Chief Development Officer, Silvera for Seniors

Building Community
