December 16, 2016

Dear Councilors,

RE: Highlands Golf Course Lands Development

Thank you Leena c/o Amble Ventures, for keeping us informed of the progress with the application for developing the Highlands Golf Course Lands.

It still is our intent to be the developer of choice for the senior component of this land area development. Presently the North East side of Calgary is underserved in supportive housing that is affordable for seniors.

We understand this development will be a harmonious community to attract this profile of client to The Manor Village Life Centers.

Thank you for your assistance.

M. Garth Mann Director
The Manor Village Life Centers LTD.
