I am opposed to this change in land use change. This land had single story mobile units. Now the City is proposing 4 to 6 storeys - MU-1. There is no need for this type of development in this section of town. It will drastically change the area and provide a negative effect on the neighboring communities.

single storey development is adequate for this area.

Feedback:

I am concerned that the area highlighted on the map for the land use change includes The Winston Golf course lands (Elks). Is that just a limitation with the mapping because it is currently all one site, and still has to be subdivided? I would like confirmation that the Land Use for the golf course will not be changing. Thank you.
