Dear Mr. Makale:

**RE: Inglewood Airport Vicinity Protection Area (AVPA) Proposed Exemption**

Rocky View County would like to thank you for the opportunity to review and provide comments on the City of Calgary's intent to request that the Minister of Municipal Affairs exempt the Inglewood community, which is located within the Noise Exposure Forecast (NEF) 30 contour area, from the residential development prohibition in the City of Calgary Airport Vicinity Protection Area Regulation. This exemption would allow existing residential properties to increase their development or redevelopment potential.

It is our understanding that Notice of Motion NM2016-08 requires City of Calgary Administration to engage with the public and affected stakeholders regarding the proposed exemption and prior to sending the amendment request to the Minister of Municipal Affairs, provide a report to Council detailing the consultation with a recommendation. At the July 26, 2016 Council meeting, because Rocky View County is a stakeholder of the Calgary International Airport Vicinity Protection Area Regulation, Rocky View County Council directed Administration as follows:

*Council direct Administration to respond to the City of Calgary's request for changes to NEF contours by stating our reaffirmation of our 2006 agreement and that the County remains committed to this agreement, and that the NEF contours remain as is. This correspondence shall be copied to Municipal Affairs, Calgary Airport Authority and the City of Calgary.*

Accordingly, please note that the County stands by the terms of the 2006 agreement and remains committed to the NEF contours established in that agreement and the regulations of the Calgary International Airport Vicinity Protection Area.

If you have any questions or concerns, please do not hesitate to contact the undersigned.

Yours truly,

ROCKY VIEW COUNTY
