* Subject	Rideshare use of masks
* Comments - please refrain from providing personal information in this field (maximum 2500 characters)	Masks should be worn in all transit vehicles to prevent the spread of all viruses. Drivers have been harassed by members of the public who do not want to wear masks. I have not returned to work because I don't want to be harassed and put in risk bethwise by those not want to wear masks. Please make masks in all transit mandatory in Calgary

* Subject Mandatory masking policy

* Comments - please refrain from providing personal information in this field (maximum 2500 characters)

As a family physician working in low-income community health centres, I think it's a matter of equity that we determine mandatory masking is safest for our communities. When I'm at stores, salesclerks are at risk. For those on transit, drivers are at risk. These essential workers should not be putting their lives on the line when there are simple mitigation strategies we are not employing. Very few people would require an exemption (my most anxious patients are anxious about a lack of masks, not having to wear one, and those with lung disease need to be protected the most). We would not need to enforce it punitively, as demonstrated by the east in ON with high uptake as soon as mandating was passed. In Calgary, transmission rates are rising, which actually reflects the truth from a week ago. It's time to protect your citizens. You have the legal right to do so, and you can see for yourself we are nowhere near the 80% uptake required. I made two plain-language videos to help people understand it's about FREEDOM (<https://youtu.be/dr2XxbYpYHs>) and EQUITY (<https://youtu.be/PFR7ih5qcgw>). Thanks for your consideration!
