

Requested Amendments to Neighbourhood Connectors

- 1) New Development has a maximum scale differential of 2 stories to existing homes
- 2) If Commercial/Retail Main Streets are within walking distance to community, allow only home based businesses on Neighbourhood Connectors

Ensure “Thoughtful Discussion” when creating LAP

- 1) Ensure advertising is effective by advertising community name and largest change early in the process- example “Renfrew Local Area Plan is considering 6 storey buildings along neighbourhood connectors”
- 2) Mandatory targeted workshops for Neighbourhood Connector residents and homeowners
- 3) Adequate representation of Neighbourhood Connector streets in working groups
