BRIDGELAND-RIVERSIDE COMMUNITY ASSOCIATION
March 22, 2018

Michelle Reid
Cultural Landscape Lead, Calgary Parks
michelle.x.reid@calgary.ca

Dear Ms. Reid,

Congratulations to the Parks Department for the Mayor's Urban Design Award for the Historic Streetscapes Plan. It was wonderful to see that 8th Street NE in Bridgeland-Riverside has been identified by the Calgary Heritage Authority as one of Calgary's historic street resources. Our community supports the conservation of our historic resources and it's always great to hear of their celebration and protection.

We do agree that designation is an important tool for heritage conservation and we appreciate the benefits which are evident in three primary ways:

- Commemoration which will increase the public's awareness of the historic significance of the streets and to build an intrinsic value among the citizens of Calgary for the trees and the beauty they contribute to our streets.
- Access to grant funds, for the ongoing conservation of the sites. The costs associated with conservation of the streetscapes will be eligible for 50% matched funding, via the Alberta Historical Resources Foundation.
- Legal protection, to ensure retention of the historic significance of the streets. This enables both contemporary and future generations of Calgarians to experience the historic design of the streetscapes.

Please accept this letter as support for the designation of 8th Street NE in Bridgeland-Riverside as a Municipal Historic Resource.

Sincerely,

Carmon Blacklock, President

Dear Ms. Reid,

Congratulations to Calgary Parks on receiving the Mayor's Urban Design Award for the Historic Streetscapes Plan. It was nice to see the 27 historic streets identified by the Calgary Heritage Authority celebrated.

Thank you for your recent presentation at our March board meeting. The Calgary Heritage Authority supports the conservation of our historic resources and it's always wonderful to hear of their celebration and protection. Streetscapes add to the vibrancy and feeling of a community.

We agree that designation is a crucial tool for heritage conservation and the benefits are evident in three primary ways:

- Commemoration — to increase public awareness of the historic significance of the streets and to build an intrinsic value among the citizens of Calgary for the trees and the streets.
- Access to grant funds — for the ongoing conservation of the site. The costs associated with conservation of the streetscapes will be eligible for 50% matched funding, via the Alberta Historical Resources Foundation.
- Legal protection — to ensure retention of the historic significance of the streets. This enables both contemporary and future generations of Calgarians to experience the historic design of the streetscapes.

Please accept this letter as support for the designation of the streetscapes as Municipal Historic Resources.

Sincerely,

Pam Heard
Chair, Calgary Heritage Authority

Dear Ms. Reid,

Our Cliff Bungalow - Mission Community Association was excited to here that Parks received the Mayor's Urban Design Award for the Historic Streetscapes Plan, a very deserving project that will help to celebrate and protect these special places. It was also a pleasure to see that 5A Street SW in Cliff Bungalow - Mission has been identified by the Calgary Heritage Authority as an historic resource. Our community strongly supports the conservation of our historic resources, one of our highest priorities.

Further, we agree that designation is an important tool for heritage conservation and the benefits are evident in three primary ways:

- Legal protection, to ensure retention of the historic significance of the streets. This enables both contemporary and future generations of Calgarians to experience the historic design of the streetscapes.
- Access to grant funds, for the ongoing conservation of the site. The costs associated with conservation of the streetscapes will be eligible for 50% matched funding, via the Alberta Historical Resources Foundation.
- Commemoration, to increase public awareness of the historic significance of the streets and to build an intrinsic value among the citizens of Calgary for the trees and the streets.

Please accept this letter as our enthusiastic support for the designation of 5A Street SW as a Municipal Historic Resource.

Sincerely,

Marilyn Williams
Heritage Director, Cliff Bungalow - Mission Community Association

Via email to michelle.x.reid@calgary.ca

Dear Ms. Reid,

Congratulations to Parks for the Mayor's Urban Design Award for the Historic Streetscapes Plan. It was nice to see that Riverdale Avenue SW and Sifton Boulevard SW in Elbow Park have been identified by the Calgary Heritage Authority as two of Calgary's historic resources. Our community supports the conservation of our historic resources and it's always wonderful to hear of their celebration and protection.

We do agree that designation is an important tool for heritage conservation and the benefits are evident in three primary ways:

- Commemoration, to increase public awareness of the historic significance of the streets and to build an intrinsic value among the citizens of Calgary for the trees and the streets.
- Access to grant funds, for the ongoing conservation of the site. The costs associated with conservation of the streetscapes will be eligible for 50% matched funding, via the Alberta Historical Resources Foundation.
- Legal protection, to ensure retention of the historic significance of the streets. This enables both contemporary and future generations of Calgarians to experience the historic design of the streetscapes.

Please accept this letter as support for the designation of Riverdale Avenue SW and Sifton Boulevard SW as Municipal Historic Resources.

Sincerely,

Jane Virtue
President, EPRA

Dear Ms. Reid,

Congratulations to Parks for the Mayor's Urban Design Award for the Historic Streetscapes Plan. It was nice to see that Riverdale Avenue SW in Elboya has been identified by the Calgary Heritage Authority as one of Calgary's historic resources. Our community supports the conservation of our historic resources and it's always wonderful to hear of their celebration and protection.

We do agree that designation is an important tool for heritage conservation and the benefits are evident in three primary ways:

- Commemoration, to increase public awareness of the historic significance of the streets and to build an intrinsic value among the citizens of Calgary for the trees and the streets.
- Access to grant funds, for the ongoing conservation of the site. The costs associated with conservation of the streetscapes will be eligible for 50% matched funding, via the Alberta Historical Resources Foundation.
- Legal protection, to ensure retention of the historic significance of the streets. This enables both contemporary and future generations of Calgarians to experience the historic design of the streetscapes.

Please accept this letter as support for the designation of Riverdale Avenue SW as a Municipal Historic Resource.

Sincerely,

Michael Sainas (VP Community Development, Elboya Heights, Britannia Community Association)

Dear Ms. Reid,

Congratulations to Parks for the Mayor's Urban Design Award for the Historic Streetscapes Plan. It is fantastic to hear that 27 streetscapes throughout the city have been earmarked for their special place in our historical landscape. *The Heritage Community Task Force*, a group that includes heritage advocates from all historically significant community associations in Calgary, supports the conservation of our historic resources and it's always wonderful to hear of their celebration and protection.

We do agree that historical designation is an important tool for heritage conservation and the benefits are evident in three primary ways:

- Commemoration, to increase public awareness of the historic significance of the streets and to build an intrinsic value among the citizens of Calgary for the trees and the streets.
- Access to grant funds, for the ongoing conservation of the site. The costs associated with conservation of the streetscapes will be eligible for 50% matched funding, via the Alberta Historical Resources Foundation.
- Legal protection, to ensure retention of the historic significance of the streets. This enables both contemporary and future generations of Calgarians to experience the historic design of the streetscapes.

Trees are an important part of what not only makes older neighbourhoods more beautiful, but are a reminder of our history (William Reader's plans for example). To see a stronger sense of protection for our tree canopy, would the City consider adopting a bylaw similar to what Vancouver has done with their Bylaw 9958? This bylaw aims to protect trees on private property (If you want to remove a tree on your property, you need a tree removal permit for every tree that has a diameter (width) of 20 cm or greater, measured at 1.4 m above the ground).

Please accept this letter as support of the designation of all 27 Streetscapes as Municipal Historic Resources.

Sincerely,

Maureen Hodgan

On behalf of the Heritage Community Task force

Co-chairs Marilyn Williams and Lorna Jake

Dear Ms. Reid,

Congratulations to Parks for the Mayor's Urban Design Award for the Historic Streetscapes Plan!

It was excellent to see that 9 Avenue SE in Inglewood has been identified by the Calgary Heritage Authority as one of Calgary's historic resources. Our community supports the conservation of our historic resources and it is always wonderful to hear of their celebration and protection.

We do agree that designation is an important tool for heritage conservation and the benefits are evident in three primary ways:

- Commemoration
 - To increase public awareness of the historic significance of the streets and to build an intrinsic value among the citizens of Calgary for the trees and the streets.
- Access to grant funds, for the ongoing conservation of the site.
 - The costs associated with conservation of the streetscapes will be eligible for 50% matched funding, via the Alberta Historical Resources Foundation.
- Legal protection, to ensure retention of the historic significance of the streets.
 - This enables both contemporary and future generations of Calgarians to experience the historic design of the streetscapes.

Please accept this letter as support for the designation of 9 Avenue SE in Inglewood as a Municipal Historic Resource.

Sincerely,

Greg Standen, Environment Director

Hello Michelle,

Thank you for reaching out to our community and including Scarboro within your award winning plan. Congratulations on the receiving the MUDA award. We fully support your initiative and any City of Calgary and/ or broader community initiative that speaks to the Garden Community aesthetic of Scarboro and that strives to preserve it.

While Senlac, Sharon and Shelbourne are ideal street-scapes we believe that there are additional roads to be included within your scope, identifying historic streets in Calgary. Please consider discussing the full scope and broad array of historic streets in Scarboro with us, as we could have identified all of the streets that would fall within the criteria of the 27 already identified. The extracted pages from your report concerning Scarboro identify a number of trees that are in fact flourishing and in our belief, should not be subject to replacement simply for a restorative operation to the original street-scape arbour. We would like to have a discussion around each individual tree that on the report is earmarked for replacement.

Best Regards,
Lorenzo
