Re: Land Use Application CPC2015-183

I support of the mandate of the Chinatown Task Force and their goal to pursue a collaborative relationship with the City of Calgary. We support their desire to work with the city towards a vibrant, sustainable and impactful Chinatown.

We strongly encourage the councillors to:

1. Suspend consideration of specific changes or exceptions to the current Chinatown ARP until a new ARP or a Master Plan has been developed and approved by City Council.
2. Establish a constructive relationship between the Chinatown community and City of Calgary in the form of a Planning Task Force.
3. Support integrated long-term planning that encompasses developing a new ARP that encompasses the Guiding Principles, Green Line LRT strategy, Chinatown's place in Centre City planning, and the Chinatown Retail Strategy and any other Chinatown related plans/initiatives.

Nov 27, 2016

To: Mayor Nenshi and City Councillors

Re: Land Use Application CPC2015-183

Please accept this letter in support of the mandate of the Chinatown Task Force and their goal to pursue a collaborative relationship with the City of Calgary. We support their desire to work with the city towards a vibrant, sustainable and impactful Chinatown.

We strongly encourage all councillors to:

1. Establish a constructive relationship between the Chinatown community and City of Calgary in the form of a Planning Task Force.
2. Suspend consideration of specific changes or exceptions to the current Chinatown ARP until a new ARP or a Master Plan has been developed and approved by City Council.
3. Support integrated long---term planning that encompasses developing a new ARP that encompasses the Guiding Principles, Green Line LRT strategy, Chinatown's place in Centre City planning, and the Chinatown Retail Strategy and any other Chinatown related plans/initiatives.

Regards,

Jilin Wang
President, Calgary Chinese Dongbei Association
