**Subject:** Redesignation of 24 Governor Drive SW (Plan 7108HF, Block 5, Lot 34)

It is my hope that you all read the complete file from your representative Wendy Koo, your File Manager for the application for a change of zoning on the above address.

In that file you will find names and addresses of all the people that have asked me to be their representative in this matter.

We all feel the same, we all object in the strongest possible terms to any change in the zoning of this or any other property in our neighborhood. There is more than enough density in our neighborhood as it stands now, including condos, townhouses, and large apartment buildings. Walk through the neighborhood and the rentals are easy to pick out, lawns not mowed, paint peeling, and generally not cared for.

The applicant for this change of zoning lives in Toronto Ontario and will ultimately be an absentee landlord. Therefore we are asking Council to deny the application of one man and respect the views of the many neighbors that live beside or very close to the property in question.

Respectfully, Gordon Rabone

28 Governor Drive SW

Also objecting: Elmer Nyrose - 32 Governor Drive SW  
Eleanor Lloyd -35 Glamorgan Drive SW  
Marion Kettleon - 40 Governor Drive SW  
Leo Dick - 36 Governor Drive SW  
Janet Nastuik - 27 Glamorgan Drive SW  
Dean Nastuik - 27 Glamorgan Drive SW  
Ronald Nastuik - 38 Glamorgan Drive SW

To Whom it may concern,

I'm writing this letter in opposition to the proposed changes to the zoning at 24 Govenorr Drive SW.

I bought my house in this area of Glamorgan specifically based on the fact that it was R1 zoning and on the premise that the zoning would remain the same and not include secondary suites.

My neighbours and I take graet care pride in ownership, keeping our yard and houses in good repair, this is not always the case with renal properties and can negatively affect properity values. We know our neighbours and enjoy the sence of community this brings and do not want Glamorgan to become a neighbourhood of transients.

We also enjoy being able to park infront of our homes and do not want to fight for a parking spot every day. We do not want any additional traffic on our quiet streets and I would like my voice heard on this matter

Sincerly

Caroline Peacock
