Commissioner Scott	<p>Reasons for Approval</p> <ul style="list-style-type: none">• Support the proposed redesignation at this location as the proposed M-H2h28 designation represents a very appropriate district to facilitate building form and height transition from existing M-H1 to the north to existing M-H2 on the south side of 25 Avenue.• The proposed designation will result in a building scale that contextually appropriate and suitable to the scale of development near the subject site.• The proposed designation is well-aligned with the MDP and emerging local area planning policy.
