(5) BUILD ON PUBLIC ENGAGEMENT SUCCESSSES

- Target programs for groups currently not within EcoSchools
- Communicate effectively and regularly with stakeholders and the public.
- Take deliberate steps to ensure that actions are accessible to all segments of Calgary's population and that diverse perspectives, such as traditional knowledge, are incorporated into climate engagement work.

(6) STRENGTHEN CLIMATE PANEL GOVERNANCE

- The Panel should provide strategic expert advice directly to Council.
- Meetings should be increased in frequency, as should access to information on official projects/initiatives being led by The City.

ITS TIME TO RE- ENERGIZE OUR CITY.
