Calgary Economic Development Q1 2016 Core Indicator Update

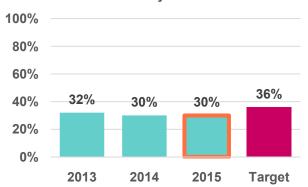

The following population-level core indicators help answer the RBA question "Is anyone better off." Activities in the Economic Strategy contribute to changes in these measures over time.

1. Sense of Community

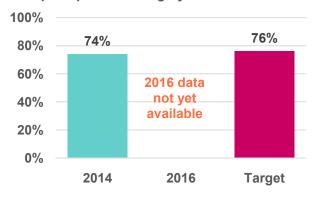

Percentage of Calgarians who are satisfied with the overall level and quality of City services and programs

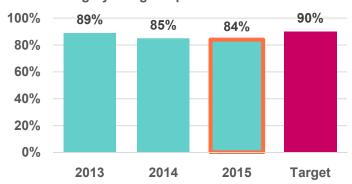

Percentage of Calgarians regularly involved in neighbourhood and community events

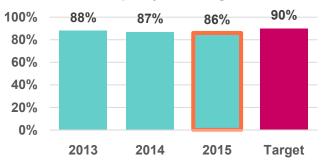

Percentage of Canadians in national perceptions research ranking overall perceptions of Calgary as favourable

Percentage of Calgarians agreeing that Calgary is a great place to make a life

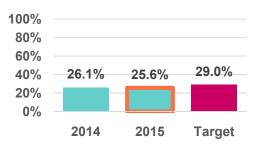

Percentage of Calgarians agreeing that overall quality of life is good

2. Sustainable Development and Purposeful Diversification

Non-oil and gas diversification score

Residential Diversity Index (out of 1)

*Land Use Diversity Index (out of 1)

*Planning Development and Assessment recommends this data be reported every two years.

**Overall gross domestic product (GDP) for all industries

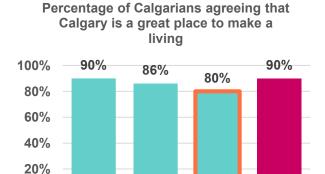

**Expressed in chained 2007 \$ to account for inflation

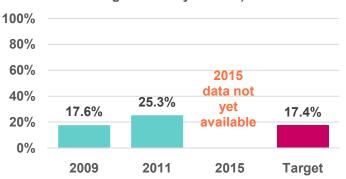

3. Shared Prosperity

0%

2013
