Dear Todd Bignold,

I applied for the land use redesignation because we never intended to sell our property. We have created a relationship with our neighbours over the past three years, and they have gained trust in us. We bought this house and made a lot of improvements to it, which have benefited the neighbours. The neighbours also knew that we would be extremely selective if the land use designation changed. We spent many hours going door to door and speaking with each of our neighbours on an individual basis, to address their questions and any possible concerns, which is why this application has gone the way it has. We are willing to transfer the application if you feel that you will be a respectful landlord and neighbour, as these people deserve only the best.

I Victoria Jacobson transfer this land use application to Todd Bignold.

Best Regards,

Victoria Jacobson
