Subject: Redesignation of land at 208 and 240 Midpark Way S.E.

To the City Council:

Re: Plan 7911107, Block A and B from Commercial - Community 2 (C-C2f1.0h10) District, Commercial - Community 2 (C-C2f0.43h18) District to Direct Control District to accommodate additional use of "Pet care and Boarding Service"

I am writing to express my concern about the redesignation of the land directly across the street from my home into a "Pet care and boarding service".

My main concern is NOISE. I do not wish to be subjected to a constant cacophony of barking dogs all day long.

My home is directly across the street at 8 Midpark Dr. S. E. and I am also concerned that this noise aggravation will affect the value of my property.

I hope you will consider my concerns as you would if this type of business were being proposed across the street from your own homes.

With respect,
Gabriele E. Lynch
