

Action	Short Description	Involves New Project Specific Reporting to T&T	Covered by other reporting to Committees/Council	Pilot Project(s)	Design standards revised
1	Install more RRFBs				New Warrant to be developed
2	Remove barriers to reducing speed limit		City Charter Team		
3	Create a plan for reducing vehicle speeds in residential areas	Q4 2016			
4	Pilot enhanced lighting at pedestrian crossings			Y	Design Guidelines for Street Lighting 2016
5	Pilot pedestrian zones in areas with multiple desire lines	Q1 2017		Y	Design Guide for Subdivision Servicing 2014
6	Update the pedestrian crossing warrant system				Updated Warrant to be developed
7	Conduct safety audits for locations with multiple pedestrian collisions		Safer Mobility Plan		
8	Install more ladder crosswalk markings				New Location Criteria to be developed
9	Develop design guidelines for pedestrian scale lighting			Y	Design Guidelines for Street Lighting 2016
10	Pilot new techniques to reduce pedestrian/vehicle conflicts at intersections			Y	Design Guide for Subdivision Servicing 2014
11	Install more audible pedestrian signals, countdown times, wheelchair ramps		Advisory Committee on Accessibility		
12	Develop guidelines for pedestrian push buttons and improve signal timing for peds				CoC Traffic Control Manual 2016
13	Build midblock crossings	Q3 2017			Design Guide for Subdivision Servicing 2014

Actions Requiring Future Reporting
and Impacting City Design Standards

Action	Short Description	Involves New Project Specific Reporting to T&T	Covered by other reporting to Committees/Council	Pilot Project(s)	Design standards revised
14	Develop guidelines for pedestrian safety solutions			Y	Design Guide for Subdivision Servicing 2014
15	Pilot/implement recommendations of Calgary school site review project		School Site Review	Y	TBD
16	Improve pedestrian safety at LRT and CP/CN rail crossings				
17	Launch a Vision Zero campaign		Safer Mobility Plan		TBD (wide ranging impact)
18	Create a tactical urbanism program	Q3 2016		Y	New Tactical Urbanism Toolbox
19	Conduct a downtown public realm audit to increase spaces for public events		New report to SPC CPS		
20	Update plans for the +15 network		Centre City Plan 2007		
21	Build new high-value pedestrian under/over passes and bridges		Pathway/Bikeway Plan		
22	Build missing links in the sidewalk network				
23	Develop guidelines for Urban Braille		Advisory Committee on Accessibility		New Urban Braille Design Standard
24	Pilot the use of shrubs in empty tree boxes			Y	
25	Review and improve pedestrian facilities in transit station areas	Q2 2017			
26	Embed walking principles in community design and development review		future review of Land Use Bylaw (long range)		Land Use Bylaw
27	Improve the walking environment on the priority Main Streets corridors		Main Streets project reporting to CPC		
28	Twin pathways in high-use areas		Pathway/Bikeway Plan		

Actions Requiring Future Reporting
and Impacting City Design Standards

Action	Short Description	Involves New Project Specific Reporting to T&T	Covered by other reporting to Committees/Council	Pilot Project(s)	Design standards revised
29	Update the construction hoarding policy to encourage keeping sidewalks open		Streets Bylaw 20M88 and Hoarding Permit		Construction Hoarding Policy
30	Create a pedestrian-specific 311 service request category				3-1-1 system update
31	Improve snow and ice control for pedestrians		Snow and Ice Control Annual Report	Y	Revised SNIC protocol
32	Improve engineered walkway conditions				Streets Bylaw 20M88
33	Review closed crosswalks (bedsteads) and re-open whenever possible				CoC Traffic Control Manual 2016
34	Include all sidewalk closure information on the pathway closures map				
35	Build pedestrian way finding in high-use areas beyond downtown				New design standards for Way finding
36	Fund the clearance of winter gravel off sidewalks during spring clean-up				
37	Increase funding to improve the response time of snow clearing on city-managed sidewalks		Snow and Ice Control Annual Report		Revised SNIC protocol
38	Create a STEP FORWARD implementation team				
39	Expand Safe and Active routes to school programs				
40	Promote the Mayor's "Walk Challenge" and other walk-to-school initiatives				

Actions Requiring Future Reporting
and Impacting City Design Standards

Action	Short Description	Involves New Project Specific Reporting to T&T	Covered by other reporting to Committees/Council	Pilot Project(s)	Design standards revised
41	Put forward at least three innovative pedestrian projects for Council's innovation fund			Y	
42	Create pedestrian safety campaigns for key issues				
43	Add questions to the Citizen Satisfaction Survey to track attitudes on walking		Customer Service and Communications, Research Team		
44	Organize and host pre-conference events for international Walk21 conferences				
45	Expand and promote the "Go Here" washroom locator app		Seniors Age-Friendly Strategy Update		
46	Create community walking maps that identify places of interest and heritage				
47	Teach City leadership and staff about pedestrian and accessibility needs				
48	Develop a walking audit tool to assess public spaces				New Walking Audit Tool to be developed
49	Collaborate with school boards to include walking in school curriculum				
50	Encourage property owners to undertake prompt snow and ice clearing
