Being a homeowner i have following concerns regarding redesignation of land:  
1- how will it impact the property value, resale value, property tax for my house.  
2- what is being built on the land ?  
3- we would prefer more green space, park and school to be built up. Atleast elementary school should be developed for small children as there are lot of families now with small children.  
4- if the redesign effects our property values do the resident get any compensation for it.  
5- how does this development impact our day to day commute?

Public hearing item (required - max 75 characters) Land use Redesignation Livingston BYlaw 141D2021 - land 15555 Ctr NW /500

Please do not redesign the the land located on 15555 centre str NW and 500- 144Ave NW. I will appreciate if it used for its original purpose as a Future urban development district. Livingston has no shopping area. This urban district is and was the main main selling point of living in Livingston for all the people on my street. These people are too busy and can not attend the meeting , the urban district in this location was the main selling point for Livingston. Please do not take away the vison of Livingston we had in the Brookfield show homes. This area is the entry way to Livingston, it will be nice if it is multifunctional and esthetically beautiful and that only the future urban development district will provide. Changing this land designation now makes one feel that the city is taking advantage of the multi cultural component of Livingston and changing the plan.

When I bought my house I was told the adjacent space will be used for retail spaces and being the main entrance to my street I think we deserve the retail spaces as agreed initially the whole area is full of condos no shopping spaces for us. I do not agree on this change .
