Project Name

901 Centre Street NW

Did you conduct community outreach on your application? **Yes**

Outreach Strategy

Our primary outreach strategy is to place signs at street level on the property where it is clearly visible; on the sign is a small summary of the proposed re-designation, as well as our company's contact information. This will be done in lieu of community outreach where close contact with other individuals is more likely- this is done as a precaution to COVID 19. Any individuals within the neighborhood will be able to contact us via phone/e-mail accordingly.

Stakeholders

The primary stakeholders are the nearby residents and businesses within close proximity of the subject property.
