## **Airport Vicinity Protection Area Committee Update**

---

### **PURPOSE OF BRIEFING**

To communicate the completion of the mandate and disbanding of the Airport Vicinity Protection Area Committee.

### **SUPPORTING INFORMATION**

The Airport Vicinity Protection Area Committee was appointed at the 2018 December 17 Combined Meeting of Council to guide modernization of the Airport Vicinity Protection Area Regulation. The Airport Vicinity Protection Area Committee consisted of the General Manager of Planning & Development, Chair of the Standing Policy Committee on Planning and Urban Development, Wards 5 and 9 Councillors, and senior members of the Calgary Airport Authority.

The committee met over the course of 2019 and 2020 to guide updates to modernize the Airport Vicinity Protection Area Regulation, bringing forward recommendations to Calgary City Council on 2020 September 14 (PUD2020-0968) and 2021 May 10 (PUD2021-0325). Council unanimously approved the recommendations and the resolutions were submitted to the Minister of Municipal Affairs to request the changes to the Airport Vicinity Protection Area Regulation.

A Ministerial order (Attachment 1) to update the Airport Vicinity Protection Area Regulation was signed 2021 August 27 delivering changes consistent with Council's request in 2020 September and 2021 May. All requests made by Council were executed by the Ministerial order.

With the completion of the work directed by Council, the Airport Vicinity Protection Area committee has disbanded. Administration extends thanks to the committee members for their commitment to leading the way on the delivery of amendments that modernize the Airport Vicinity Protection Area regulation, solidifying our position as Canada's premier inland port..
