1.A OPENING

Mayor Nenshi called for a moment of quiet contemplation at today's Meeting.

On behalf of Members of Council, Mayor Nenshi requested a moment of silence to honour the loss of Mr. Nick Roberts, member of the Calgary Fire Department, who passed away in an avalanche on 2016 February 20. The Mayor offered condolences to the Roberts family.

1.B PRESENTATION(S) AND RECOGNITION(S)

FREEDOM TO READ WEEK 2016

Mayor Nenshi, on behalf of Members of Council, recognized February 21 – 27, 2016 as Freedom to Read Week. The Mayor stated that the 32nd annual Freedom to Read Week affirms our right as Canadians to decide for ourselves what we choose to read.

Mayor Nenshi welcomed Bill Ptacek, Chief Executive Officer of the Calgary Public Library, and called upon him to say a few words.

Bill Ptacek thanked Mayor Nenshi and Members of Council for their support, and in celebration of Freedom to Read Week, presented the Mayor with a special edition of the book *Saga* by author Brian K. Vaughan. Mr. Ptacek indicated that *Saga* is illustrated by Calgarian Fiona Staples, in attendance in the gallery today, and that the book has received critical acclaim as well as numerous Eisner, Hugo and Harvey awards. Like other great works of fiction, *Saga* has been challenged for its portrayal of ethnicity, sexuality, gender identity and for its treatment of war.

Mr. Ptacek indicated that Freedom to Read Week underscores the importance of creating spaces for books and resources which create opportunity for the human mind to soar. Calgary Public Library staff and Board members are committed to removing physical and financial barriers, to creating the best public library in the world, and to building a city of readers.

Mr. Ptacek thanked Members of Council for submitting reading recommendations to the Calgary Public Library, and stated that the recommendations have been published by the library and are available to all Calgarians, as they exercise their right to read what they want, when they want.

Mayor Nenshi recognized those who are denied their fundamental freedom to read and encouraged Calgarians to visit their community library to read a book. The Mayor thanked Mr. Ptacek for his comments, and for providing Members of Council with copies of the 2016 Year of Reading Guide, which is also available free to all Calgarians online and in libraries throughout the city.

2. QUESTION PERIOD

(1) Upstream Flood Mitigation (Councillor Colley-Urquhart)

As spring approaches and flood concerns are rising, what are we doing in relation to upstream flood mitigation at Springbank and how are we communicating the urgency of what needs to be done for the city of Calgary and Southern Alberta?

City Manager Jeff Fielding stated that the number one issue both through correspondence and through the 311 call centre is public inquiries relating to flood issues, long term flood mitigation and what we are doing about it as an organization. City Manager Fielding suggested that Administration be directed to draft a letter to the Province of Alberta to outline the importance of the mitigation projects.

Rob Pritchard, General Manager, Utilities and Environmental Protection, agreed that the most effective flood protection that can be provided on the Elbow River is upstream protection, specifically the Springbank Off-stream Diversion and Dry-storage project. General Manager Pritchard confirmed that The City has been working closely with the Province on that issue, and that the timeline for the upstream protection project in Springbank is several years out in terms of completion, due to complications on land acquisition. Once the Springbank project and the Glenmore dam work is done, significant flood protection on the Elbow River will have been achieved. General Manager Pritchard informed Council that staff are also working with the Province to examine solutions for the Bow River. He related that Administration is entering into community engagement this year, and that preferred solutions for the Bow River could be brought to Council early in 2017. General Manager Pritchard assured Council that communications have been sent to the Province through the Office of the Mayor to encourage continued progress on mitigation, and that a follow up letter could be sent.

(2) Mandatory Recycling For Businesses and Organizations (Councillor Chabot)

I have been asked by numerous non-profit organizations, community associations and church organizations how to deal with The City's new rules for separating recycling from waste. Many of these organizations have concerns with being fined for non-compliance. These organizations often have tenants on their facilities and they don't necessarily have control over how garbage and recyclables are handled. What is The City doing to mitigate any issues that community associations and non-profit organizations will be facing in light of the fact that they have third-party entities making use of their facilities?

Rob Pritchard, General Manager, Utilities and Environmental Protection, advised that changes to the Waste and Recycling Bylaw which will take effect on 2016 November 01, will require all non-residential recyclable materials to be collected separately from waste and taken to a material recovery facility. General Manager Pritchard advised that any potential fee levied to these organizations for improper sorting of recyclable materials would depend on the arrangement between that organization and their recycling facility provider. He stated that Administration is aware of the challenges community associations and other non-profit organizations face as the date for mandatory recycling approaches, and that Administration

is working closely with them find the best solution to introduce recycling into their facilities. Mr. Pritchard closed by stating that the most helpful tool is education and awareness.

(3) 20th Anniversary Letter (Councillor Chu)

On February 29, WestJet will be celebrating 20 years since their first commercial flight. WestJet has since grown to ten thousand employees and is a great success story made in Calgary. Is it possible for the Mayor and Members of Council to provide a certificate and a congratulatory letter to WestJet for this milestone?

Mayor Nenshi explained that the general criteria for issuing formal Letters of Recognition does not allow for a certificate to be sent from the Mayor's Office. The Mayor indicated that he had been in contact with WestJet to discuss their celebrations for February 29, and how The City could be engaged in them. The Mayor also advised that the Letter of Recognition Policy does not restrict Councillor Chu from issuing a certificate through the Office of the Councillors.

3. CONFIRMATION OF AGENDA
