RE: LOC2015-0161, (414, 11a St NE)

To Whom It May Concern:

We understand that the proposed land use re-designation and accompanying ARP amendments for LOC2015-0161—which were and are still on the agenda as items for a public hearing of City Council on March 7<sup>th</sup>, 2016—have been abandoned by the applicant. We also understand that a motion to abandon the associated proposed bylaw amendments is anticipated on behalf of the City and will need to be made by our Councilor at that hearing as a formality only, such that there is no need for our association or for any of the many interested residents or affected persons to appear at the hearing in this regard. Please advise immediately if our understanding is not correct, since in the absence of such advice we will be relying upon the repeated assurances we have been receiving from various quarters to the effect that this file is now effectively closed.

Sincerely,
