2340 22 Street NE
Calgary, AB T2E 8B7

Dear Sarah:

Subject: Calgary Housing \$7.4 M Community Economic Resiliency Fund

The Canadian Home Builders Association – Calgary Region would like to voice its support for the Affordable Housing Development Financial Incentive Program.

The financial offset in fees as outlined in Attachment 2 (PFC2016-0081) will provide much needed support for non-market housing projects scheduled for development in 2016 and 2017. This financial support will provide many benefits to the community and the organizations who supply non-market housing, in particular during this current economic climate.

We must continue to work in collaboration to find solutions for housing the most vulnerable members of our community.

Yours truly,

Donna K. Moore
Chief Executive Officer
