Dustin Beck  
Operational Effectiveness Lead  
Calgary 9-1-1, Calgary Community Standards  
Calgary, AB T2P 2M5

Dear Dustin:

**Re: Alberta Community Partnership grant program – Emergency Fire  
Dispatch system**

Administratively, the Town of Cochrane agrees to partner with the City of Calgary who will act as the lead applicant in applying for the Alberta Community Partnership (ACP) provincial program to bring Emergency Fire Dispatch (EFD) system and protocols to the Calgary 9-1-1 centre. This administrative agreement is contingent on Cochrane Municipal Council approving the appropriate resolution to authorize Cochrane to participate in this grant partnership arrangement.

Cochrane certainly appreciates the long term benefits of partnering to implement enhanced dispatch protocols which will provide for better information gathering from citizens in distress to forward to our first responders.

It is understood by participating as a partner in this grant application and project that there is absolutely no financial obligations to this project on the part of the Town of Cochrane and that the City of Calgary will cover all costs that exceed the grant application total.

A report will be prepared and presented to Cochrane's municipal Council on February 22, 2016. We will be in contact with you following the meeting to advise of Council's decision in this regard.

Our contact on this project will be Mr. Mac de Beaudrap, Senior Manager, Protective Services who can be reached directly at 403-851-2541 or [mac.debeaudrap@cochrane.ca](mailto:mac.debeaudrap@cochrane.ca).

Sincerely;

  
Lori Craig, CPA, CMA  
Deputy CAO
