Re: Calgary John Howard Proposed Halfway House – Forest Lawn; LOC2015-0147

To whom it may concern,

I am writing this letter on behalf of the Oasis Home Mobile Park regarding the Calgary John Howard Society's application to temporarily relocate their halfway house for men, Bedford House, to 2404 - 50 Street SE.

I live in the Oasis Home Mobile Park and am the Manager of the Park which is located next door to the proposed location.

I have no issues with the application and am comfortable with the strict rules Calgary John Howard Society has in place to monitor its residents so I don't see it being a problem. I understand there will be a police presence in the area and that there are staff on site who will be helping to watch the residents.

I am also interested in being a part of the Good Neighbour Agreement I understand will be created.

Signed,
