Outreach Strategy

Provide an overview of your outreach strategy, summary of tactics and techniques you undertook (Include dates, locations, # of participants and any other relevant details)

Our primary outreach strategy is to place a sign at the front of the subject property, where it is clearly visible from eye-level. This sign has a brief summary of the proposed land use re-designation as well as our associated contact information in the event an individual walking by has any comments, questions or concerns about the proposal. In addition, we also send an outline to the local community association of the subject property and establish a connection and ask for input and comments in regards to the proposal.

Stakeholders

Who did you connect with in your outreach program? List all stakeholder groups you connected with. (Please do not include individual names)

We reached out to the West Springs / Cougar Ridge community association via email and did not receive any response or contestation regarding the project.

We also have a sign placed on the property stating the intended plans for the property that encourages neighbours and/or any interested person to reach out to us via phone or email if there are any questions or concerns regarding the project. No phone calls or emails were received regarding this project.

What did you hear?
