HIGHLIGHTS

- The proposed land use and policy amendment would allow for rowhouses in addition to the building types already listed in the district (e.g. single detached, semi-detached, duplex dwellings, and secondary suites).
- This application represents an appropriate density increase of the site, allows for development that may be compatible with the character of the existing neighbourhood, and is in keeping with the applicable policies of the *Municipal Development Plan* (MDP).
- What does this mean to Calgarians? More housing options available in the inner-city, with access to transit and services.
- Why does this matter? Allowing for more housing choices in inner-city areas represents more efficient use of land, existing infrastructure, and accommodation of a more diverse population.
- No development permit has been submitted at this time.
- An amendment to the *Killarney/Glengarry Area Redevelopment Plan* (ARP) is required to accommodate the proposed land use redesignation.
- There is no previous Council Direction regarding this proposal.
- Strategic Alignment to Council's Citizen Priorities: A city of safe and inspiring neighbourhoods.
